## Vivid Nightmares

### The dreams of Arab expats abroad

Through four young Arabs from different nationalities, as well as different cultural and social backgrounds, this show tackles the reality experienced by Arab expats who chose expatriation as a way to realize their dreams, but those colorful dreams often turn into bleak nightmares and disappointments.

**Drama/Social/Adventure/Thriller**

### Summary

The show is based on four young Arab characters: Abdul Rahman, the wealthy Saudi who has a conflict with his father over the approach of running the company. Ahmad, the Emirati young man who has recently arrived to London to pursue his higher education in architecture and dreams of implementing a huge architectural project in Dubai. Manal, the serious, hard-working Kuwaiti doctor who is pursuing her higher education while working at a London hospital, and Zaid, the Jordanian painter who came to London on a visiting visa and tries to stay there in hopes of a better future.

### Dramatic Plot

Abdul Rahman and Ahmad meet in London at the Arabic cafe run by Fayez, Zaid's uncle, where they meet Zaid and a strong friendship flourishes between them. They are then conned by Kamal, a Syrian young man who lives on taking advantage of new comers to London. Riyadh lives with his Uncle, who's married to a British alcoholic lady and lives a different reality with that dysfunctional family and suffers that reality as he falls in love with Hameeda, the Moroccan girl who was lured by a gang to come work in London. The show paints a picture of Arab expats with their issues and concerns all over the Arab World.

### Production Value

This series was filmed with the latest equipment and devices that not only introduce the concept of portable cameras, but also represent the cinematic formula of visual formation. The costume and accessories design were unlike anything done before in social drama series.
